

SUPPLEMENTARY INFORMATION: The Science Advisory Board advises the Director of the Bureau of Land Management on issues pertaining to science and the application of scientific information in the management of public lands and their resources.

Under the Federal advisory committee management regulations (41 CFR 101-6.1015(b)(2)), in exceptional circumstances an agency may give less than 15 days notice of a committee meeting if the reasons for doing so are included in the meeting notice published in the **Federal Register**. In this case, BLM made commitments with regard to scheduling the first meeting of the advisory committee based on the approval of the charter within a certain time frame. Delays in obtaining approval of the charter within the Department of the Interior resulted in publication of the meeting notice less than 15 days prior to the committee meeting.
